

# Getting Started With NEMLUVIO

## Important Safety Information

**Indications:** NEMLUVIO® (nemolizumab-ilto) is a prescription medicine used to treat adults and children 12 years of age and older with moderate-to-severe eczema (atopic dermatitis) in combination with prescription therapies used on the skin (topical) when the eczema is not well controlled by topical therapies alone and to treat adults with prurigo nodularis.

Please see Important Safety Information throughout, accompanying full Prescribing Information including Patient Information, or visit [nemluvio.com](https://nemluvio.com).

Not an actual patient.

# Preparing to use NEMLUVIO

## Learn how to self-inject at home

Before starting injections at home, you and a dermatologist will review the NEMLUVIO Instructions for Use together and make sure you feel comfortable using the pre-filled pens. If you need additional support, a GPS for NEMLUVIO Nurse Navigator is always there to help.

## Understand your storage options

NEMLUVIO may be stored at room temperature up to 77 °F (25 °C) for up to 90 days, making it easy to take on the go. Be sure to mark the date after NEMLUVIO is removed from the refrigerator.

NEMLUVIO may be stored in the refrigerator at 36 °F to 46 °F up until the expiration date.\*

## Stay on track with ongoing support

Talk to the GPS for NEMLUVIO support team about resources and support you may want beyond your first dose.

\*Always check the expiration date and do not use if expired.

# 3 steps to a successful start

## STEP 1

### Complete your enrollment with GPS (Galderma Patient Services) for NEMLUVIO™

Once you complete enrollment online or over the phone, you'll learn about which programs you may be eligible for including **Quick Start**, **Co-Pay Support**, and/or the **Patient Assistance Program**.

## STEP 2

### Expect a call from a Nurse Navigator

A Nurse Navigator will contact you in the days after enrollment to answer any questions about NEMLUVIO and provide support for starting injections.

**TIP!** Help build confidence as you learn to self-inject by watching the **step-by-step injection video** at [nemluvio.com/injection-support](https://nemluvio.com/injection-support).

## STEP 3

### Get your first shipment delivered to your front door

Your dermatologist will work closely with the pharmacy specially contracted to distribute NEMLUVIO to set up your prescription and refills. This Specialty Pharmacy will ship your treatment directly to your home address.

For more information about NEMLUVIO, including ongoing treatment tips to help you stay on track, sign up at [nemluvio.com](https://nemluvio.com).

# GPS for NEMLUVIO is here to support you

## Understanding Financial Assistance

Your GPS for NEMLUVIO support team will help you understand which insurance and financial support programs may be right for you.

### Quick Start

Those who qualify are able to start NEMLUVIO sooner as their dermatologist works with insurance providers to secure approval.<sup>†</sup>

### Co-Pay Support

Helps with co-pays when NEMLUVIO is covered by commercial insurance.

### Patient Assistance Program

Helps those who do not have any insurance, insurance will not cover NEMLUVIO, or insurance co-pays will create a financial burden and there are no other programs available to help.

## Connecting With a Nurse Navigator

A Nurse Navigator is available to help you manage your treatment successfully by providing:

- **Support for starting NEMLUVIO**, including virtual or over-the-phone injection training
- **Quarterly checks-ins** upon request to provide support

*Nurse Navigators can give support and education but not medical advice. If you are seeking medical advice, always consult your dermatologist.*

<sup>†</sup>See eligibility requirements and terms of use.

## Support at every turn

It's easy to get started. Complete your enrollment online and we'll be in touch to connect you with the support you need.
